

Touch-Plate® Lighting Controls

5000/5100 FP / Low Voltage Switches

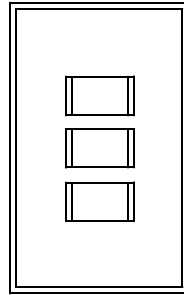

The Touch-Plate 5000-FP Series Switches offer budget pricing with dependable performance of the 5000 switch complimented by the custom feature of the Flushplate Frame and Wallplate. Provides one, two, or three switches in a single gang location. The metal plates for the 1 and 2 gang switches are available with no exposed screws. 3, 4, 5, 8 and 10 gang switch plates have mounting screws showing. Switch caps are available in Ivory or White. These switches are designed for use with Touch-Plate Low Voltage Control Systems and are exact replacements for older systems.
