

# Touch-Plate® Lighting Controls

## Flushplate Frames

Touch-Plate carries a full line of metal frames for mounting standard or custom control stations. Frames are available in a variety of painted and plated finishes and are available in one gang to ten gangs (with an exception of 6 and 9). Our frames accommodate all Flushplate configurations. Plastic frames are also available in single gang.

## NS Series (Screwless)

This unique and attractive wallplate system is a Touch-Plate exclusive. This patented design offers elegance in appearance unmatched by other products. Safety is not forfeited as noted by the ETL listing for line voltage devices.

**Screwless plates are available in the 01 and 03 cutouts for 1 and 2 gang plates. The 03 cutout is the standard DECORA®.**
