

Ultra

The Ultra:

Touch-Plate® Lighting Controls Ultra control stations offer the designer touch to any home. It is available in two, four and six button per gang configurations.

The six button per gang configuration can minimize the wall space needed while blending with any décor.

The Ultra control station frame and cover plate are available in two different finishes - smooth or matte.

The Ultra control stations are designed for use with any new Touch-Plate Lighting Control System and they are a drop-in replacement for switches in older Touch-Plate Lighting Control System homes.

Features:

- Two wires for each button, making it a momentary switch
- Multiple button and LED configurations
- Housing has the option to be engraved
- LED options are Green or Blue
- Switch contacts rated 1 AMP @ 28 Volts
