

ZONES

Touch-Plate®'s ZoneZ-S have all the functionality of an original system

ZoneZ-S boards are designed small enough to fit an original, standard sized existing enclosure (s)

For retrofit installations, reusing the existing enclosure (s) will save costs in material and labor

ZoneZ-S can also be purchased pre-assembled in a NEMA 1 enclosure

Each ZoneZ-S combination will control six loads with user friendly LED programming built in configurations of 6 relays, with a 36 relay maximum in one enclosure

Designed specifically to retrofit existing Touch-Plate® MRU & PMRU systems

Programming Options:

6 Scenes

Switch actions include: Maintain N.O., Maintain N.C., and Auto-Off

Easy future upgrade to Time-Keeper, 2-Wire System, or ZoneZ full features
