

The ZoneZ-S:

Touch-Plate® Lighting Controls ZoneZ-S is the solution to replace any Touch-Plate® system installed from 1946 through the 1970's.

Designed specifically to retrofit any existing Touch-Plate® system. An upgrade includes new relays, power supplies, and LED status. ZoneZ-S replaces up to 13 components while only using 2 boards. Both boards were designed to fit many existing enclosure to save on material and labor costs.

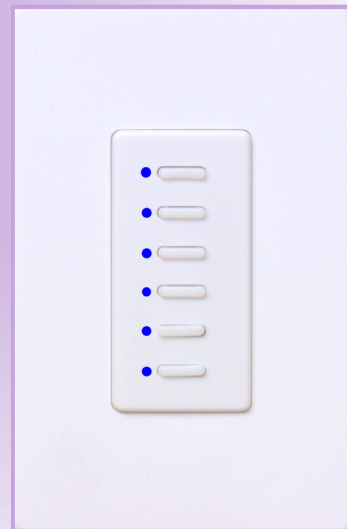

ZoneZ-S can also come in a new enclosure if desired or space does not allow.

ZoneZ-S Features:

- Each ZoneZ-S comes with built-in user interface of simple buttons and LED's, very intuitive.
- One Control Board and one Relay Board is the standard combination to control 6 relays. If needed, there are options for only 2 or 3 relays.
- Programming Options:
 - 6 Scenes
 - Switch Actions include Maintain N.O., Maintain N.C., and Auto-Off
- ZoneZ-S is the perfect standalone control choice
- Single button controlling a relay "ON" or "OFF" (cycle or toggle)
- Electronic Stuck Switch Protection
- 3 years of free phone support

Control Stations will upgrade at the same time to new styles with LED's.
