

TOUCH-PLATE®

Lighting Controls

Genesis

The Genesis:

Touch-Plate® Lighting Controls Genesis control stations offer dependable performance at an economical price. The Genesis is available in one, two, and three button configurations.

The Genesis features large, momentary contact push buttons with rugged, industrial quality mechanisms. The Genesis is not available with LEDs. They come pre-mounted in matching wall plates.

The Genesis control stations are designed for use with any new Touch-Plate Lighting Control System and they are a drop-in replacement for switches in older Touch-Plate Lighting Control System homes.

Features:

- Two wires for each button, making it a momentary switch
- One, Two, or Three switches in a cover plate
- Buttons have the option to be engraved
- Switch contacts rated 4 AMP @ 28 Volts

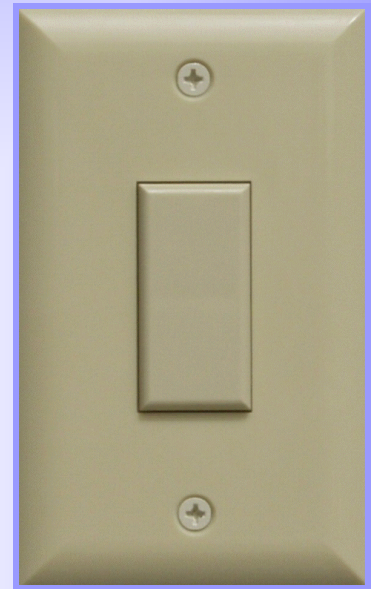

Models:

Top Right - GEN-1B-IVR

Bottom Right - GEN-3B-WHT

(Shown with Lexus Frame and metal Flushplate)

*Engraving optional
