

TOUCH-PLATE®

Lighting Controls

Mystique

The Mystique:

Touch-Plate® Lighting Controls Mystique control stations offer an elegant design and soft touch to any home. It is available in one, two, four and eight button per gang configurations. This wide range of button configurations accommodate almost every control application.

The Mystique's eight button per gang configuration can minimize the wall space needed, allowing it to be a master control station, while blending with any décor.

The Mystique control stations are designed for use with any new Touch-Plate Lighting Control System and they are a drop-in replacement for switches in older Touch-Plate Lighting Control System homes.

Features:

- Two wires for each button, making it a momentary switch
- Multiple button and LED configurations
- Buttons have the option to be engraved
- LED options are Green or Blue
- Switch contacts rated 1 AMP @ 28 Volts
