

5000 Series Contact Closure Switch

Benefits

- Practical low voltage switch solution
- Screwless cover plate
- Medium sized buttons (1.12"W x .62"H)
- Ideal for upgrades of existing low voltage systems

Features

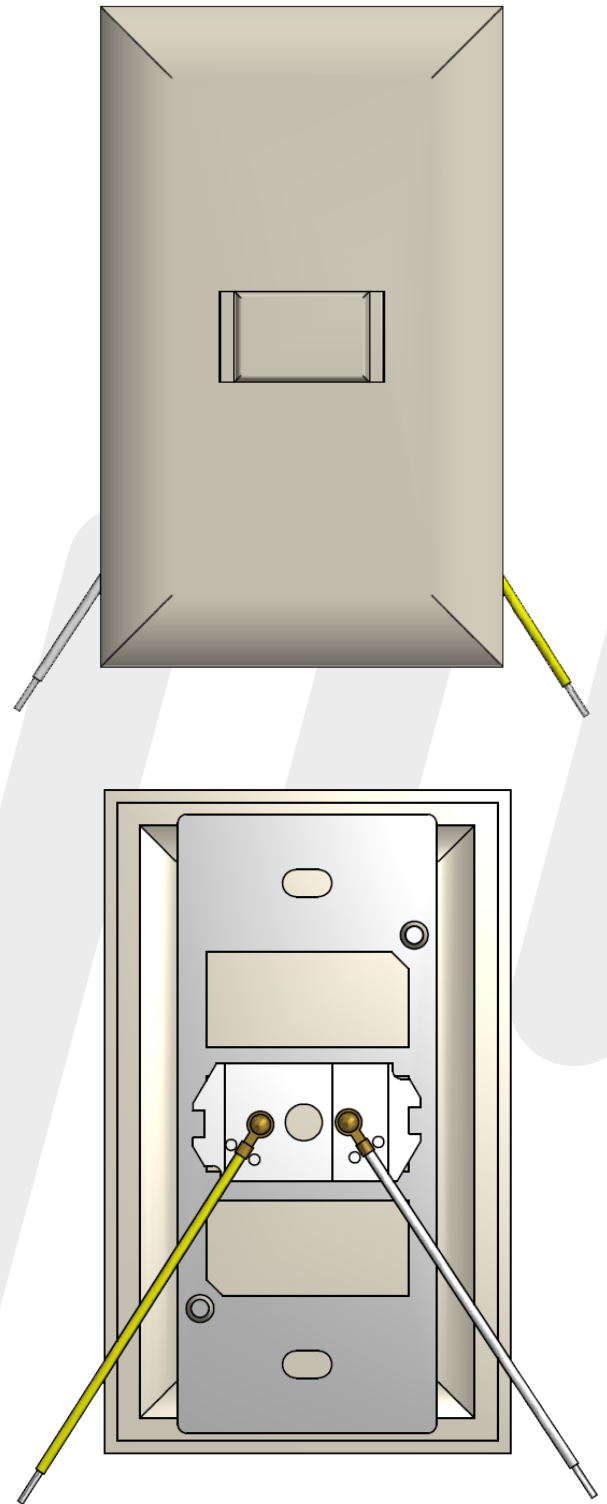

- Direct replacement for 50-1 Series
- Fits a standard 1 Gang wall mount
- Engravable button caps
- Comes as a complete unit (includes the cover)
- 1 Year Limited Warranty

Common Applications

- Can be used for almost any application that requires a button for control

Specifications

- Colors
 - Light Almond, Ivory, & White
- Button Configurations
 - 1 Button in a 1 Gang wall mount
 - 2 Buttons in a 1 Gang wall mount
 - 3 Buttons in a 1 Gang wall mount
- Outer Dimensions
 - 1 Button: 4.50"L x 2.75"W x .518"D
 - 2 Button: 4.50"L x 2.75"W x .518"D
 - 3 Button: 4.50"L x 2.75"W x .518"D
- Switching
 - Two-wire momentary switch
 - Single pole, single throw
- Contact
 - Dry Contact
- Environment
 - 0 - 60°C (0 - 140°F) non-condensing atmosphere

5000 Series Contact Closure Switch
